

Mr. Russ McMillan  
President  
Triad Wealth Systems  
600 Emerson Road  
Saint Louis, MO 63141

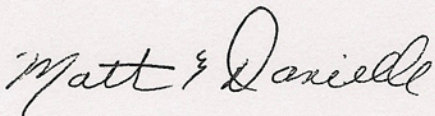

Dear Russ,

Today, Danielle and I were talking today about all of the wonderful things in our lives that motivate us. We wanted to take the time to let you know personally that your system and time commitments to help us were a large topic of our discussion. Not only do we feel the securities of our future but also are amazed at the amount of risk we have already eliminated in our lives. We are easily motivated by the vast amount of protection and future wealth you have opened our eyes to!

Today, Danielle and I also spoke about how scary moving on from college and away from each other was. Unsure about which direction our careers would take us and even what career options would be available to us in a unruly economy, we were at a turning point in our lives. That year, in 2007, I started the LEAP program with you. Today, 3 years later Danielle and I are living together in a beautiful home, married, and planning to start a family! We credit so much of this to our love for each other, our families and hardwork, but we also credit a ton of this to you. With both of us actively involved in your program, we feel the security to live the life we both want, start our family, and even the security to start planning for our future at an early age in our lives.

Please feel free to share our story with family and friends, as you are a true friend of ours!

Sincerely,

A handwritten signature in cursive script that reads "Matt & Danielle". The ink is dark and the writing is fluid, with the ampersand being particularly stylized.

Matthew and Danielle Martin
